

Let **us** do it  
**for you**

**CUSTOM-MADE**  
APPLICATIONS FOR  
**4-Stroke & 2-Stroke**  
**DUAL-FUEL ENGINES**

## Established in 2019

We operate in the ship repairs industry with a proven track record of successfully delivering a wide range of demanding projects in the field.

By combining our experience, strong teamwork, deep knowledge, and passion for our profession, we have created a unique team that meets the highest safety and quality standards, offering superior services in the maintenance and servicing of 2-stroke and 4-stroke engines.

Trained by major engine manufacturers and actively involved in the operation and maintenance of engines, we can guarantee the most reliable services.

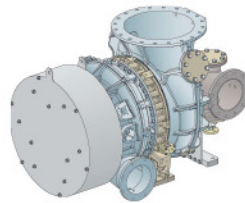

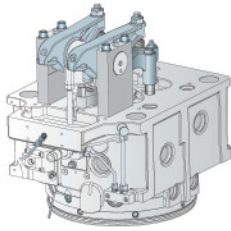

**ALFA WORKS**
